PROFESSIONAL SUMMARY

Computer Systems Engineering student with hands-on experience building web and desktop applications. I have developed an online store with electronic payments and a point-of-sale system for restaurants, working with JavaScript, Node.js, Express and SQL databases. I am looking for a professional internship with a software development team where I can contribute to real projects and strengthen my technical skills.

FEATURED PROJECTS

Maydek — Point-of-Sale and Inventory System for Retail Stores | maydek.vercel.app 2026

Front end: React, Vite, TypeScript. **Back end:** NestJS, Prisma, PostgreSQL, OpenAPI. **Other:** Docker, Vercel.

- Point-of-sale and inventory system with web cashier and admin panels, OpenAPI API and offline desktop app.
- Multiple payment methods, X/Z reports, kardex, products with sizes and colors, and user roles.

Fajas Colombianas Maydel — Online Store | fajascolombianasmaydel.com 2026

Front end: HTML5, CSS3, JavaScript. **Back end:** Node.js, Express, MySQL / TiDB Cloud. **Other:** Stripe, Vercel.

- Developed an online store with product catalog, shopping cart, favorites and user accounts (including Google sign-in).
- Stripe card payments (Payment Intents, webhooks); JWT in httpOnly cookie, bcrypt, Helmet, rate limiting.
- Admin panel for products, orders, coupons, expenses and finances; TOTP two-step login and Telegram alerts.

FoodPoint — Point-of-Sale System for Restaurants | mesana-alpha.vercel.app 2026

Front end: HTML, CSS, JavaScript. **Desktop and back end:** Electron, Node.js, Express, SQLite.

- Desktop app for sales, tickets and kitchen orders, products, employees and roles, kitchen display and cash close.
- Windows installer and updates that back up first and preserve the business data.

Academic Database Project | MySQL 2025

- Database design and normalization up to 3NF; foreign keys, JOINs, subqueries, functions, stored procedures, cursors.

TECHNICAL SKILLS

Web development: HTML5, CSS3, responsive design, JavaScript, TypeScript, React, Vite, WordPress
Back end and desktop: Node.js, Express, NestJS, REST APIs, JWT, Stripe, Electron
Databases: MySQL, PostgreSQL, SQLite, SQL, Prisma
Tools: Git, GitHub, Visual Studio Code, Docker, Vercel, Playwright
Networking: Static routing, RIP, EIGRP, Cisco Packet Tracer

EDUCATION

Instituto Tecnológico de Chihuahua II — Chihuahua, Mexico Expected graduation: 2027
B.S. in Computer Systems Engineering (in progress, 8th semester)

Delfin English School — Dublin, Ireland | English studies, B2 level

WORK EXPERIENCE

Freelance Web Developer and Founder | Kato_labs Present

- Designed and delivered websites and landing pages for clients using HTML, CSS, JavaScript and WordPress.
- Worked directly with clients: gathered requirements and followed each project through to delivery.
- Responsive design and version control with Git and GitHub.

Waiter and Head Waiter | Hotel Sheraton, Chihuahua, Mexico Jul 2017 – Jan 2024

- Guest and event service; staff coordination, section assignment and training of new staff.

Waiter | Hotel Riu Plaza The Gresham, Dublin, Ireland Feb 2024 – Jul 2024

- Served international guests in English in an international hotel environment.

LANGUAGES AND COURSES

Languages: Spanish: native. English: B2 level.
Courses: Cisco Networking Academy — Networking Basics; Network Devices and Initial Configuration; Network Addressing and Basic Troubleshooting; Introduction to Cisco Packet Tracer.
